Chairwoman Shapira noted we are using a consent agenda format to handle routine items and other items that have already been fully vetted in other public meetings. This process is part of our redesign of governance of our committee meetings and better utilizes the time we have at the Board meetings. Items on the consent agenda will be moved as a block, with one motion and one vote. If there is any item an individual Board member has a question about or wants to handle separately, we will pull it from the consent agenda and place it on the regular agenda.
