State System Health Plan Members – Highmark

- All Highmark members, who are age 9 and older, can obtain a no-cost flu shot at any Rite Aid Pharmacy or Giant Eagle location in Pennsylvania, and at many other pharmacy locations (see list on next page). No appointment is needed – you must present your Highmark member ID card. The State System health plan will be billed directly for this service.

- Highmark members of all ages may also obtain a flu shot from their physician. An office visit co-pay may apply.

Immunizations Available at Retail Pharmacies for Highmark Members
September 2017

Highmark members who are eligible to receive the Zoster vaccine for shingles and have the benefit included in their plan can have the vaccine administered at a participating, credentialed pharmacy.

In addition, credentialed pharmacies can also now provide hepatitis A & B, pneumococcal and tetanus vaccinations.

These pharmacies will accept the Highmark ID card and will bill Highmark for the administration, just as they do for flu shots today.

These claims will be billed and paid as medical benefits.

It is advisable that a member who is interested in having one of these vaccines administered should first contact Highmark Member Services to confirm that they are eligible for the benefit under their plan.

The Zoster vaccine is currently a covered benefit for members age 60 and older who are enrolled in the Highmark PPO plan for active employees and the Annuitant PPO Plan for non-Medicare eligible annuitants.

On the next page is a listing of PA credentialed, contracted pharmacies that can provide this service. All Rite Aid stores located in Pennsylvania are able to administer these vaccines and bill them to Highmark appropriately. We still advise that members follow the process listed below even when using a Rite Aid pharmacy.

NOTE: The attached list is as of August 2017, and it is subject to change. Because of this, we strongly recommend that any member wanting to obtain any of these vaccines at a pharmacy should 1) contact the pharmacy to confirm that they participate with Highmark for pharmacy vaccinations, and 2) have the pharmacy confirm that they offer the specific vaccine needed and also have it in stock.
Highmark contracted pharmacy vaccination suppliers
As of August 2017 (new suppliers are added regularly)

Central Pennsylvania Region
