**Pennsylvania State System of Higher Education**

**Funding of System-Wide Initiatives from the Fiscal Year 2012/13 E&G Appropriation**

**Performance Funding** ........................................................................................................................................... $36,590,000

Consistent with the performance funding program revisions adopted by the Board of Governors at its January 2011 meeting, the performance funding pool is established at 2.4% of the System’s 2012/13 E&G budget, which is estimated to be $1.52 billion.

**Dixon University Center Academic Programs** ......................................................................................... $1,148,000

The academic programming performed at Dixon University Center has been partially funded through the E&G appropriation for many years. The appropriation provided for continuation of these academic services and associated maintenance of the Dixon University Center site for the 2011/12 was $1,148,000. It is recommended that the allocation for the Dixon University Center be continued at the same level.

**Office of Internal Audit and Risk Assessment** ...................................................................................... $844,047

This office is responsible for facilitating risk assessment activities and, in turn, structuring and executing an internal audit plan based on high risk areas. The office’s fiscal year 2012/13 budget of $895,625 was approved by the Board of Governors at its meeting on June 28, 2012. It is recommended that the Office of Internal Audit and Risk Assessment’s budget be funded at $844,047 as it has $51,578 remaining from previous allocations.

**Replenishment of the System Reserve** ................................................................................................. $350,000

The total recommended allocation to the System Reserve for fiscal year 2012/13 is $350,000, which will replenish the System Reserve to the $1,500,000 level required by Board of Governors’ Policy 1984-07-A, System Reserve Allocation and Expenditure Criteria. Attachment 2 is a detailed list of expenditures for fiscal year 2011/12 and a list of projected expenditures for fiscal year 2012/13. The amount to be replenished differs from total expenditures as previous year’s estimates are adjusted for actual expenditures.

**McKeever Environmental Learning Center** ......................................................................................... $302,032

The Commonwealth created the McKeever Environmental Learning Center in 1974 to assist citizens of all ages in becoming better stewards of the earth’s resources. The environmental education programs offered by the McKeever Center meet the needs of students from preschool through, and beyond, college and provide student interns with valuable teaching experience while working in an outdoor setting. The McKeever Center is administered by Slippery Rock University of Pennsylvania and is funded through a portion of PASSHE’s E&G appropriation and user fees. The appropriation provided for the Center in 2011/12 was $302,032. It is recommended that the allocation for the McKeever Environmental Learning Center be continued at the same level.
