Go to:  [www.myhighmark.com](http://www.myhighmark.com)

- **Click on register.** If you had *previously* registered with Highmark, there is no need to register again. You can simply log in using your current User ID/password.
- **Both you and your enrolled spouse, if applicable, will need your own separate accounts**

- **In the next step you will need your member ID number from your Highmark card**
• Begin registration step 1 of 4

Set up your account
Enter your membership information the same as it appears on your ID card. Your member ID is the set of numbers (no letters) on the front of your card as highlighted in the example below.

- Member ID or Social Security Number *
- First Name *
- Last Name *
- Date of birth (MM/DD/YYYY) *

• Continue completing steps 2, 3 and 4 of 4
• Once those steps are complete, log in and continue with your account set up including multi-factor authentication as follows:
Multi-factor authentication

1. Device selection
   - Text message: (***)... We'll send a code to your mobile number on file. Make sure your contact information is up-to-date. Providers standard messaging and data rates apply.
   - Email: Pending verification
     To enroll in multi-factor authentication, make sure your contact information is up to date.
