SUBJECT: Tuition and Technology Tuition Fee Rates (ACTION)

UNIVERSITIES AFFECTED: All

BACKGROUND: State System universities provide high quality educational experiences while continuing to be among the most affordable four-year institutions in Pennsylvania—striving to provide every student the opportunity to achieve success and upward mobility. It is critical to both student and university success that the System universities control costs, keeping the net price as low as possible for those with the greatest financial challenges and generating an excellent return on investment to the student.

This focus on students resulted in the Board of Governors freezing tuition for the 2019-20 academic year. Recognizing the current unprecedented times and the impact of the COVID-19 pandemic on students and their families, it is proposed that tuition be held constant for the 2020-21 academic year as well.

At its April 2019 meeting, the Board amended Board of Governors’ Policy 1999-02-A: Tuition, such that tuition rates will be set annually no later than April 30 for the upcoming two academic years. Doing so would provide students and families with meaningful information on the cost of attending a State System university as early as possible. The policy prescribes that the tuition rate for the second year be tentatively set based on the most current three-year average change in the State System’s basic tuition rate, allowing for adjustments to the tentative rate.

As the Board of Governors considers freezing the System’s basic tuition rate for 2020-21, the corresponding tentative rate for 2021-22, based on the most recent three-year average, would include a 1.0 percent increase over the 2020-21 basic tuition rate.

MOTION: That the Board of Governors, as reflected in Attachment 1, freeze tuition and the technology tuition fee for 2020-21 and set the tentative 2021-22 Tuition and Technology Tuition Fee in accordance with Policy at a 1 percent increase.

SUBJECT: Financial Sustainability - Mansfield University of Pennsylvania Loan (ACTION)

UNIVERSITIES AFFECTED: All

BACKGROUND: Mansfield University is emerging from a decade of leadership turnover that produced a variety of decisions regarding university identity and success, academic programming portfolio, pricing and net price strategies, and budget cuts that reduced demand and disabled critical enrollment management infrastructures required to sustain enrollments. To this latter point, these budget cuts resulted the lack of an appropriate strategy and the necessary tools to recruit students, exacerbating enrollment challenges during this period of significant regional demographic decline.

Mansfield University’s new administration is hard at work rebuilding the enrollment, forging a constructive and positive narrative about the future of Mansfield University, enhancing governance and transparency, realigning its mission as an affordable and comprehensive rural-serving institution, and right-sizing the institution to ensure long-term fiscal sustainability. As a result, the fall 2019 semester marked the first time in nine years that Mansfield University’s headcount and FTE enrollment increased from the previous fall term.

However, Mansfield University’s cash balances have been declining since fiscal year (FY) 2011/2012; it is anticipated that the university will require additional resources to sustain operations through FY 2019/2020. Mansfield University is requesting a loan of up to $6.0 million to cover operating costs and auxiliary bond payments.

MOTION: That the Board of Governors approve a loan for Mansfield University of Pennsylvania of up to $6.0 million with the following payment terms and loan covenants.

- The Borrower agrees that the principal and any and all accrued interest will be paid by a transfer out of its operating account in accordance with schedule(s) described in the draft promissory note, attached. The Borrower also agrees to record a “note payable” on its financial statements on the effective date of each draw.

- In accordance with System Procedure/Standard 2019-40: University Financial Sustainability, the Borrower must:
  - Provide an updated sustainability plan by June 19, 2020, which achieves the FY 2010-11 student faculty ratio (17.0:1) and nonfaculty ratio (13.9:1) by June 30, 2022, to be approved by the chancellor.
  - Agree that if the plan does not achieve the ratios and/or is not approved by the chancellor, the chancellor/designee, as directed by the Board, may temporarily or indefinitely suspend some or all operations in accordance with Board of Governors' Policy 2019-01: University Financial Sustainability.
  - Receive chancellor approval before any hiring of new employees or entering into new contracts.
  - As part of the updated sustainability plan, provide a housing plan to address occupancy and debt; report each semester on revenue, occupancy and capacity by residence hall.
  - Provide monthly cashflow updates, as prescribed by the Office of the Chancellor, reflecting anticipated revenues, expenditures, and aging payables.
- Provide actual headcount and full-time equivalent enrollment each semester; and updated enrollment projections for each upcoming term.
- Provide quarterly progress against the sustainability plan, which must include at a minimum attainment of workforce and operating goals, as described in the approved sustainability plan.
- Comply with other such actions as the Board of Governors directs to achieve financial sustainability.
