

PowerPoint viewing instruction

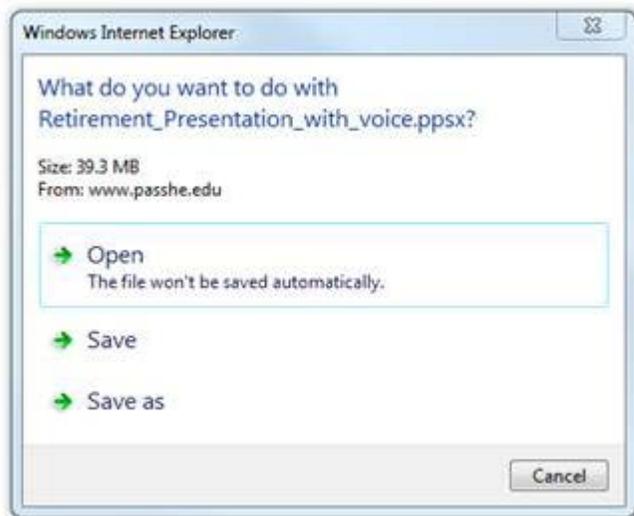

Depending on the software made available to you, the PowerPoint show may open differently for each user. Here are instructions to start playing the PowerPoint if it doesn't not automatically play.

If the PowerPoint opens in the PowerPoint software –

Under the Slide Show ribbon, click “From Beginning” to start. Or press F5 on your keyboard.

It may ask you to open the PowerPoint first:

Navigating the PowerPoint:

Once Started, Use the navigation tools in the bottom left corner of the PowerPoint presentation to move forward, back, or pause.
