- Flexible Spending Accounts

Make changes to your existing coverage.

- Elect, change, or drop coverage/add or remove dependents.
- Enroll in a Flexible Spending Account (Healthcare or Day Care) for pre-tax savings.

Elections should be completed through Employee Self-Service (ESS) at <https://portal.passhe.edu/irj/portal>. Upon login, click Employee Self-Service, then Benefits, lastly select Benefits Enrollment.

All changes made during open enrollment are effective **January 1 of the following year.**

Annual Employee Attestation

Every year the PEBTF conducts an annual employee attestation for employees hired on/after August 1, 2003. You must attest that your enrolled spouse is not offered medical or supplemental coverage through his or her own employer. If your spouse is offered coverage, they must enroll in that plan, and can be enrolled as a dependent on your PEBTF coverage for secondary coverage only.

Reminder: If you make any changes to your current coverage during Open Enrollment, you must retain a copy of your benefits election email confirmation. In the event that there is any discrepancy with your enrollment, you will be required to present the email confirmation to the human resources office.

Medical and Supplemental Coverage Eligibility

Employee Eligibility

To be eligible for medical and supplemental coverage under this plan, you must be a permanent full-time employee or a permanent part-time employee who works at least 50% of full-time hours.

90-day Waiting Period

Employees may elect single medical coverage for the first 90 days of employment. Dependents can be added after the 90-day period or during the initial 90-day period, provided the employee pays the applicable dependent buy-up cost.

The time that an employee works in a temporary capacity may be credited toward the 90-day period (although you must be a permanent full or part time employee to be eligible for PEBTF benefits). Time when you are furloughed or otherwise not actively working does not count toward the 90-day period. If you leave employment and later return following a break in service of more than 180 calendar days, then you will be required to satisfy a new 90-day waiting period for full eligibility again.

Dependent Eligibility

The following Dependents are eligible to be enrolled:

- **Legal Spouse**
- **Common Law Spouse**
(must be entered into prior to September 17, 2003)
- **Children under age 26**
- **Disabled Children age 26 and older**

To view a detailed description and definition of dependent eligibility, see the [dependent eligibility attachment](#).

Dependent Documentation

For dependents to be enrolled in coverage, applicable dependent documentation must be provided timely. See [dependent documentation attachment](#) for required documentation and more information. View the [Employee Responsibilities - Qualifying Events attachment](#) for information on how long you have to enroll dependents.

Spouse Eligibility

Spouse of employees hired prior to August 1, 2003

To enroll for coverage in the PEBTF, if the Dependent spouse of an employee hired before August 1, 2003, is eligible for medical, prescription drug benefits or supplemental benefits (vision, dental and hearing aid) through his or her own employer **and** does not have to pay for coverage, he or she must take his or her employer's coverage as primary coverage. In that event, your spouse's coverage in the PEBTF is limited to **secondary** coverage. If your spouse has to pay for coverage or is offered an incentive not to take his or her employer's coverage, your spouse does not have to enroll in his or her employer's coverage and the PEBTF will remain as primary.

Spouse of employees hired on or after August 1, 2003

To enroll for coverage in the PEBTF, a Dependent spouse of an employee hired on or after August 1, 2003, who is eligible for medical, prescription drug benefits or supplemental benefits (vision, dental and hearing aid) coverage through his or her own employer **must** take his or her employer's coverage as his or her primary coverage; regardless of any employee contribution the spouse must pay and regardless of whether the spouse had been offered an incentive to decline such coverage. Coverage for such Dependent spouse in the PEBTF is limited to **secondary** coverage. This rule does not apply for those spouses who are self-employed. You will have to complete an annual attestation to continue coverage for your spouse. The PEBTF will notify you of the attestation deadlines.

Duplication of Coverage

If you and your spouse both work for a PEBTF-participating employer, you may not be enrolled as both an Employee Member and as a Dependent under your spouse's partner's coverage.

In addition, you cannot participate in both the PEBTF Plan for Active Employees and the Retired Employees Health Program (REHP) of the Commonwealth of Pennsylvania. Finally, your Dependent child may be enrolled under your or your spouse's coverage, but not both.

Employees must complete the Wellness Screening by the date specified in the communication letter from the PEBTF to qualify for participation in Get Healthy. If the Wellness Screening is completed within this time period, the employee will be refunded the additional amounts paid since enrollment. Employees will be required to meet continued participation requirements annually.

To review health plan rates, buy-up amounts, part-time employee rates and more, [view the PEBTF Open Enrollment Newsletter](#)

Waiver of Medical and/or Supplemental Benefits

Employees may elect to waive enrollment in medical, prescription and/or supplemental coverage for themselves and family members. Employee contributions will not occur while waiver of medical, prescription and supplemental coverage is in effect. If an employee chooses to waive some benefits, but enrolls in one or more other benefits, the contribution (and any applicable buy-up) still applies:

- Employee waives medical coverage but remains enrolled in prescription and/or supplemental benefits.
- Employee waives prescription coverage but remains enrolled in medical and/or supplemental benefits.

Premium Conversion Plan

Allows employees who are contributing to the cost of health care to pay those contributions on a pre-tax basis, resulting in higher net take-home pay. All employees enrolled in a health care plan and contributing toward the cost of that plan are enrolled.

Flexible Spending Accounts (FSA)

Available to full-time permanent employees and permanent part-time employees who work at least 50% time. Flexible spending accounts (FSAs) which are governed by IRS Code, allow employees to have income withheld from their paychecks before taxes for eventual reimbursement of certain medical and day care expenses.

Important Plan Notes

- FSA is an annual election (January 1 - December 31) and must be elected each year. If you are a new employee electing the plan mid-year, the amount elected will be spread out over the remaining pays of the calendar year.
- While both plans are considered an FSA, the main difference between the Health Care FSA and the Day Care FSA is how the plan is used.
 - The Health Care FSA is for all your eligible dependents (you, your spouse, and your federal tax dependents) medical, dental, vision, or prescription expenses.
 - The Day Care FSA is for eligible dependents (age 12 and under) day care, summer camp, or elder care expenses.
- The State System offers a carryover for the Health Care FSA, which permits participants to rollover a limited amount of unused Health Care FSA funds into the following calendar year (see Carryover Provision below for details on limits). Any remaining balances exceeding the carryover limit will be forfeited. There is no carryover for the Day Care FSA
- Your entire election for Health Care FSA is available to you at the beginning of the year to pay for qualifying expenses. The Day Care FSA funds are available to you as you contribute to the plan.

Health Care FSA

You contribute money from your paycheck on a pre-tax basis and get reimbursed from your FSA account as you incur eligible expenses. The Health Care FSA is for you, your spouse, and your federal tax dependents on your out-of-pocket medical, dental, vision, or prescription expenses not paid by insurance.

Maximum Election for 2024 - \$3,050

Maximum Carryover from 2024 into 2025 - \$610

- Copays for Prescriptions or Doctor Office Visits
- Dental Care or Braces
- Eyeglasses, Contact Lenses, or Laser Vision Correction
- Eligible Over-the-Counter Items

Your entire health care FSA election amount is immediately available to you at the beginning of the year to pay for qualifying expenses.

Day Care FSA

A welcome money saver for today's working parents. It allows you to set aside pre-tax money for eligible dependents (age 12 and under) day care expenses so you can work.

Maximum Election for 2024 - \$5,000

No Carryover to the next plan year.

- Day Care
- Summer Camp
- Before/After School Programs
- Elder Care

Day Care FSA funds are available to you as contributions are made to the account. Unlike a Health Care FSA, the entire maximum annual amount is not available during the plan year, but rather after your payroll deductions are received.

Carryover Provision

Your unused health care FSA dollars can be carried over into the next plan year up to the maximum amounts:

- 2023 into 2024 - \$570
- 2024 into 2025 - \$610

The carryover provision does **not** apply to the Day Care FSA.

Along with the carryover provision, State System employees can submit expenses that were **incurred in the previous plan year** in the first three months of the following plan year (called a run-out period).

Annual Savings*	With FSA	Without FSA
Annual pay	\$50,000	\$50,000
FSA pre-tax contribution	(\$2,000)	\$0
Taxable income	\$48,000	\$50,000
Federal income, Social Security and Medicare taxes	(\$11,444)	(\$12,097)
After-tax dollars spent on eligible expenses	\$0	(\$2,000)
Real spendable income	\$36,556	\$35,903
Savings with an FSA	\$653	\$0

* Sample tax savings for a single taxpayer with no exemptions. Actual savings will vary based on your individual tax situation. Please consult a tax professional for more information.

HSA Reminder

The State System does not offer an HSA plan but if your spouse is enrolled in an HSA plan offered by their employer, this may impact your FSA enrollment. A health savings account (HSA) is available to an eligible individual who has high deductible health coverage as long as the individual has no other impermissible health coverage. **A general-purpose FSA is impermissible and renders an individual ineligible to make contributions to an HSA even when it's their spouse enrolled in a general-purpose FSA.**

Annual Enrollment

The FSA plan requires an annual enrollment. Even if you enrolled in an FSA in the current year, you must annually elect to participate in subsequent years.

Visit the [FSA website](#) and review the [FSA Handbook](#) for more information about flexible spending accounts, including a list of eligible expenses and an interactive contribution and tax-savings calculator. To speak with an FSA specialist, call 1-833-325-9998.

Retirement Programs

The following plans are available to employees hired on/after January 1, 2019. Current employees can find information on their plan at www.passhe.edu/retirement.

Eligibility

Enrollment in the retirement program is required, effective the first day of employment as a permanent full-time or part-time employee. Temporary employees must enroll in the retirement program once they have worked 750 hours in a calendar year.

Newly eligible employees have 30 days from their eligibility date to decide which retirement plan is best for them, the **Alternative Retirement Plan (ARP)** or the **State Employees' Retirement System (SERS)**.

If you do not select a retirement plan within 30 days, you will automatically be enrolled in the SERS Class A5 hybrid plan. Once enrolled in a retirement plan, that enrollment is irrevocable, meaning you must remain in that retirement plan for the duration of your employment, even if you leave employment with the State System and return to work later.

View the summary of information below and additional information at www.passhe.edu/retirement.

Plan	Employee Contribution	Employer Contribution
Alternative Retirement Plan	5%	9.29%
SERS Class A5 Hybrid Plan	8.25%	2.25% + Pension Fund Calculation*
SERS Class A6 Hybrid Plan	7.5%	2% + Pension Fund Calculation*
SERS Class 40 – Investment Plan	7.5%	3.5%

*The pension plan employer contribution is calculated each year based on assets and liabilities of SERS pension fund.

Alternative Retirement Plan (ARP)

The ARP is a defined contribution plan. Your retirement income is determined by your account balance at the time of retirement, which is comprised of your employee contributions (5% of salary), the employer contributions (9.29% of salary), and any earnings based on the performance of your investments.

Participants are 100% vested from their date of enrollment, which means from the date the monies are deposited into your ARP account, they are yours to keep. If you were to leave employment, regardless of how long you were employed, the entire investment account balance belongs to you. The ARP account is also portable, meaning if you leave employment before retirement, you can rollover those monies into a new employer's retirement plan, or into a different retirement account such as an IRA.

Employees contribute 5% of their pay on a pre-tax basis each pay period, while the State System contributes almost twice that amount - 9.29% as the employer contribution each pay period.

State Employees' Retirement Plan (SERS)

Under the SERS umbrella, there are three different plan options. If you select SERS as your group retirement plan, you are automatically enrolled in the Class A5 hybrid plan. After enrollment, you will be contacted by SERS and given 45 days to make a one-time election to switch to Class A6 or the Straight Defined Contribution/Investment Plan.

If you are enrolled in Class A5 or A6 hybrid plans, your retirement benefit comes from two plans:

- **Pension plan** that features guaranteed monthly payments and;
- **Investment plan** where the amount of money is based on contributions by you and your employer, along with personal investment choices and the markets.

If you are enrolled in the Straight Defined Contribution plan your account balance at the time of retirement is comprised of your employee contributions, employer contributions, and any earning based on the performance of your investments.

Participants do not become vested for the employer contributions until you have worked 10 years for the pension plan and 3 years for the investment plan. That means if you're no longer employed by the State System before fully vested, you only have the right to your contributions and interest. You also do not have a right to monthly pension payments.

Voluntary Retirement Plans

The State System offers two additional options to save and invest extra money for retirement. Whether you are supplementing your group retirement plan or you are not eligible to enroll in the group retirement plan, the voluntary retirement plans are available to all employees upon their date of hire. Employees can choose to contribute up to the annual IRS limits in both plans. There are no employer contributions for these plans.

To view the IRS limits and differences between the 457(b) and 403(b) plans, view the [Voluntary Plan Comparison](#).

Deferred Compensation – 457(b) Plan>>

The 457(b) Plan offers a simple, flexible way for you to save for retirement. With its powerful pretax and Roth saving features, investment options and planning resources, you can work toward replacing your working income in retirement - for life. You may cover the following Dependents:

- **Spouse** (original marriage certificate required). An Affidavit Attesting to the Existence of Marriage Performed Outside of the United States (PEBTF-FM) should be completed if an employee was married outside of the country and cannot produce a valid marriage certificate.
- **Common Law Marriages.** If you and your spouse are married by common law, the PEBTF will permit you to enroll your common law spouse as a Dependent, provided you complete a Common Law Marriage Affidavit and provide any additional information requested by the PEBTF to demonstrate the validity of your common law marriage. There are no exceptions to this rule. (The common law marriage must be entered into prior to September 17, 2003.)
- **Child under age 26**, including:
 - o Your natural child (original birth certificate required)
 - o Legally adopted child, including coverage during the adoption probationary period (Court Adoption Decree is required)
 - o Stepchild for whom you have shown an original marriage certificate and a birth certificate indicating that your spouse is the parent of the child.
 - o Child for whom you are the court-appointed legal guardian or legal custodian as demonstrated by the appropriate court order – these orders expire on the child's 18th birthday.
 - o Eligible foster child
 - o Child for whom you are required to provide medical benefits by a Qualified Medical Child Support Order or National Medical Support Notice

Coverage for Dependent Children to Age 26: As an Employee Member, you may cover your child to age 26. Marriage, residency, tax support and student status are not considered in determining eligibility for children under age 26. Coverage for an eligible child ends on the last day of the month in which the child turns 26 unless the child qualifies as a disabled Dependent.

- **Disabled Dependent.** Your unmarried/unpartnered disabled Dependent child age 26 and older may be covered if all of following the requirements are met:
 - o Is totally and permanently disabled, provided that the Dependent became disabled prior to age 26
 - o Was your or your spouse's Dependent before age 26.
 - o Depends on you or your spouse for more than 50% support.
 - o Is claimed as a Dependent on your or your spouse's federal income tax return. In the event of a divorce, your child may be eligible for coverage if the child is claimed as a Dependent by you every other year pursuant to a divorce decree or similar judgment.
 - o Completes a Disabled Dependent Certification Form (must be completed by Employee Member)

You may enroll your eligible Dependent at any time. However, the effective date cannot be more than 60 days retroactive from the date the PEBTF Enrollment/Change Form is received by your HR office. The necessary documentation must be presented when adding a new Dependent to PEBTF coverage. Your HR office will notify you of the documentation needed.

Refer to the [PEBTF Summary Plan Description](#) for detailed information.

Employee Responsibilities – Qualifying Events

You must enroll in benefits on a timely basis. View the chart below for guidelines on qualifying events. For further details on how certain events impact your benefits, visit <https://www.passhe.edu/hr/benefits/life-events/index.html>

A newborn child of an employee is automatically covered from the moment of birth to 31 days after the date of birth. To be covered as a dependent beyond the 31-day period, the newborn child must be added as a dependent through the university human resources office within 60 days from date of birth.	60 days

*PEBTF guidelines permit enrollment at any time.

If eligible dependents are not added to your contract within 60 days of the event or within 60 days from the date that eligibility under other coverage ended, those dependents may not enroll until the next open enrollment period for an effective date of July 1.

In some cases, failure to notify your human resources office within the required time will result in losing election rights to COBRA benefits, and/or loss of any premium refund due to retroactive changes to tier of coverage.

In situations where claims are incurred and paid on a dependent that was not removed from coverage in the appropriate time listed above, the employee will be liable for any claim payments made that cannot be recouped by the insurance vendor. State System policy requires that employees who receive an overpayment in employee benefits, whether through administrative error or oversight, refund the PEBTF the amount of the overpayment.

Dependent Documentation Attachment

If required documentation is not provided within **60 days of the date of hire or life event change**, the dependent(s) will be removed from coverage retroactive to the date of their enrollment. COBRA benefits will not be offered as the dependent was not deemed eligible for coverage. If claims were incurred for an ineligible dependent, restitution will be required.

For dependents added during open enrollment that were not previously covered under the PEBTF Health Program, the required documentation must be provided **by the end of the open enrollment period** for the dependent's coverage to be effective.
